

Ningbo Realpower Magnetic Industry Co.,Ltd.

MAGNETIZER HAND DEMAGNETIZER

Features

- Compact, hand held, totally insulated.
- Strong AC demagnetising field inside window.
- Can reach the job at any place.
- Switching done by push actuating.

All dimensions are in mm.	Art No.	Operating Volt	Mag/Demag Area
DEMAG		230 V AC	50x70

Applications

- Can demagnetise deep local area inside pockets of dies and moulds.
- Useful for demagnetising drills, taps etc. while drilling on machine.
- Can be used to pick up scrap from deep holes using steel rod as electromagnet.
